Beauty, brawn and all of our best storage features make the 733 Fixed Mount Trays the solution for your most demanding customers.

PATENTED INNOVATION

Sculptured design flows between trays for great looking multi-row layouts.

Robust, two-tone back support is made from super tough Acetal resin. Just lift up and slide to adjust.

Shown in standard "Bronze with Black".

Flipworks® branding. Get credit for including the very best.

Bi-level design stores CDs & DVDs above and narrow cases below.

Solid, 1/4" satin nickel rods ensure smooth sliding back support.

The back support adjusts by lifting this side slightly. A spring feature grips the steel rod for the highest quality feel.

Installs securely with 4 screws.

Crowned surfaces make it easy to "Flip" through any collection to see the covers.

Openings provide positive adjustments for the back support and show off the shelf surface below.

Open front allows use of a glue block to support drawer front.
